*Clothing manufacturing, design & development company*

## WHO WE ARE

Established as a family company in Istanbul in 2007, EDSA with its production volume, product variety and competitive price policy, is today one of the most important export companies in Turkey. With its gradual growth model prioritizing the core values which are people and environmentally friendly, EDSA, one of the preferred companies in the sector, is also Turkey's top 100 exporting companies in the field of apparel and ready-made clothing.

By showing a sustainable growth thanks to its technological-based investments in the country, Edsa continues its production activities in self-owned facilities in İstanbul and Kırklareli.

With existing business management and design teams based in İstanbul and Hannover / Germany , it produces fast and on-site solutions to the needs of its customers. All the process from design to delivery of the products to the stores is followed on-site meticulously.

With its headquarter in Istanbul, our company operates in a closed area of 15,000 m2 in total, including its production facilities in Kırklareli producing all kind of ready made jersey garments like sweatshirt, printed tee, leggings, shorts, sleepwear for women, men and children. In our customers' stores throughout 20 countries, You can easily come across the pieces with various private labels and our brand labels came out from EDSA's production lines.
